### [Plumbing Products Certified for Canada] (Plumbing Fixtures Certified for Canada) Plastic Plumbing Fixtures Certified for Canada

See [General Information for Plumbing Fixtures Certified for Canada](#)

#### GENERAL

This category covers plumbing fixtures such as, but not limited to, bathtubs, shower receptors, shower stalls, lavatories, water closets, sinks, bidets and urinals which are made primarily of plastic. The products covered are intended for commercial or residential installations in accordance with the applicable model plumbing codes .

#### PRODUCT MARKINGS

Products evaluated in accordance with the standards noted below are marked with the Listed company's name, trade name, trademark, or other mark known to identify the manufacturer, in a location readily visible after installation. These products are also marked with the date of manufacture. Water closets and each component of a water closet, if the fixture is made up of two or more components, are marked to identify whether they are a low consumption (6 LPF) or watersaver (13.25 LPF) type. Urinals are marked to indicate whether they are a low consumption (3.8 LPF) or watersaver (5.7 LPF) type. The marking on the packaging of water closets and urinals includes the manufacturer's recommended working pressure. Special purpose fixtures that do not comply with the dimensional requirements in the standards are marked with an "N" to indicate that they are "nonstandard" type fixtures. Plumbing fixtures intended for use only in recreational vehicles are marked with "RV."

#### ADDITIONAL INFORMATION

For additional information, see [Plumbing Fixtures Certified for Canada \(QNNAZ\)](#).

#### REQUIREMENTS

The basic standards used to investigate products in this category are CAN/CSA B45.0, "Plumbing Fixtures" and CAN/CSA B45.5, "Plastic Plumbing Fixtures."

#### UL MARK

The Listing Mark of Underwriters Laboratories Inc. on the product is the only method provided by UL to identify products manufactured under its Listing and Follow-Up Service. The Listing Mark for these products includes the UL Mark for Canada symbol (as illustrated in the Introduction of this Directory) together with the word "LISTED," a control number, and the product name "Plastic Plumbing Fixture" or other appropriate product name as shown in the individual Listings.
