Tile Redi® Releases Company Brochure
 Article Number: 3138

Tile Redi, manufacturer and marketer of pre-formed, one-piece shower pans, has launched a four-page, full-color company brochure, to educate tile professionals on the distinct characteristics of the company's easy-to-install shower pans that allow ceramic or stone tiles to be adhered directly to the surface.

This 8 1/2" x 11" brochure educates readers on the benefits offered by Tile Redi's unique line of products, which have set a new industry standard for labor- and time-reducing shower installations. For both the residential and commercial construction sectors, shower pans are mold-free and 100 percent leak-proof with no additional on-site shower pan waterproofing required at the time of the installation.

In the near future, the company will be releasing six industry-specific brochures, in order for builders, distributors, installation professionals, architects, designers and remodelers to learn more about this line of shower pans for water intrusion solutions. Brochures are available for downloading at www.tileredi.com, or can be mailed by request.

Tile Redi patented and UL-listed shower pans are manufactured as pre-formed, one-piece molded shower modules. Complete with fully integrated drains, curbs and splash walls, each leak-proof unit is pre-pitched for easy drainage. By solving water intrusion problems, Tile Redi shower pans inhibit the growth of mold and mildew. For further information, please contact: Tile Redi, 4450 NW 126th Avenue, Suite 101, Coral Springs FL 33065 800-232-6156 www.tileredi.com

Tile Ready® Shower Pans

One piece shower modules
 One hour installation
 Ready to be tiled
 And, they won't leak!
