Tile Redi® Upgrades Interactive Website
Article Number: 3925

Tile Redi®, a global leader in the manufacturing of pre-formed, one piece shower pans for time and labor saving installations, has improved its website to be even more user-friendly for architects, designers, and commercial specifiers. Utilizing search engine optimization, Tile Redi's new website at www.tileredi.com offers more information in a readily accessible format, and the ability to purchase its line of barrier and barrier-free shower pans and allied products at the click of a button.

Those who keystroke www.tileredi.com will be presented with a website that not only educates browsers relative to the benefits offered by this unique line of products. But, it also imparts various ideas on how Tile Redi shower pans will solve and/or simplify a myriad of construction concerns, both for the residential and commercial construction sectors.

"It's important that tile installation pros, builders, developers, architects, designers, distributors and end-users know that there is a line of shower pans readily available which offer a water intrusion solution," stated Farrell Gerber, Executive V.P Sales. "Additionally, these products save contractors countless hours of installation time. Upon being installed, each unit is ready to accept the ceramic tile or natural stone directly to its surface."

Tile Redi patented and UL-listed shower pans are manufactured as pre-formed, one-piece molded shower modules. Complete with fully integrated drains, curbs and splash walls, each leak-proof unit is pre-pitched for easy drainage. By solving water intrusion problems, Tile Redi shower pans inhibit the growth of mold and mildew.

For further information, please contact: Tile Redi, 4450 NW 126th Avenue, Suite 101,Coral Springs FL 33065 800-232-6156 www.tileredi.com.
