

Tile Redi Intros New Redi Bench Component

Friday, March 04, 2011

Coral Springs, FL, March 4, 2011--Tile Redi has introduced another luxury shower solution to the line with its fully-compatible, pre-formed Redi Bench™ product now available for new shower construction or tub-to-shower renovation projects in residential or commercial settings.

Tile Redi has garnered an international reputation as the leading supplier of pre-formed, one-piece shower pans and bases for hospitality and healthcare interior designers and specification pros. Tile Redi has an expansive range of shower pans including single-curb and ADA-compliant barrier-free models that come pre-pitched ¼" with fully-integrated drains, curbs and splash walls to eliminate the threat of moisture intrusion.

The innovative new Redi Bench, like all Tile Redi shower products, can simply be screwed into the shower frame and becomes immediately ready to tile over. Pre-formed, one-piece Redi Bench models provide developers and architects the chance to add luxury to private residences and large-scale hotel resorts and healthcare projects that might otherwise go without. The Redi Bench, in combination with the Tile Redi shower pan system, can be installed in a fraction of the time it would take a contractor to custom build perhaps hundreds of shower benches in hotel resort or healthcare settings. Based on the same innovative concept that's landed Tile Redi shower

products in some of the most prestigious building projects in recent memory, the Redi Bench provides one more option for the luxury design of new showers or in the renovation of existing ones when designing showers with porcelain, glass mosaic, natural stone and other solid surface materials.

Tile Redi patented and UL-listed shower pans are manufactured as pre-formed, one-piece shower modules. Complete with fully integrated drains, curbs and splash walls, each leak-proof unit is pre-pitched for easy drainage. By solving water intrusion problems, Tile Redi shower pans inhibit the growth of mold and mildew. For more visit: www.tileredi.com
