Tile Redi Offers New MultiCurb Entrance Shower Pans

Thursday, March 17, 2011

Coral Springs, FL, March 17, 2011--Tile Redi has announced the introduction of another innovative shower pan design for 2011 with the Tile Redi MultiCurb Shower Pan. Tile Ready shower products are easy to install and guaranteed to be 100 percent leak-proof, and the Tile Redi MultiCurb shower pan option has been designed perfectly for showers placed in the corner of the bath or anywhere that easy entrance to a shower is required. The Tile Redi MultiCurb product features two of the four sides of its one-piece, pre-formed and pre-pitched shower pans easily accessible to enter or step into the shower.

Tile Redi patented and UL-listed shower pans are manufactured as pre-formed, one-piece molded shower modules. Complete with fully integrated drains, curbs and splash walls, each leak-proof unit is pre-pitched for easy drainage. By solving water intrusion problems, Tile Redi shower pans inhibit the growth of mold and mildew. For more information visit, tileredi.com
