Redi Trench Debuts at KBIS and Wins Best Of The Bath Award

05/15/2012

Tile Redi® world-leading manufacturer and marketer of pre-formed, one-piece shower pans and related accessories, introduces Redi Trench™... Can you dig it?™ An incredibly exciting marriage of design and function in the bath industry! Redi Trench displayed for the first time at the Tile Redi exhibit at The Kitchen and Bath Industry Show in Chicago, April 24-26th, where it won the Best of the Bath award.

"We are delighted to have received this prestigious honor," said Farrell Gerber, Executive VP Sales of Tile Redi.

Redi Trench meets the needs of building professionals and DIY'ers with an innovative, exclusive design added to the established utility the industry now expects from Tile Redi's tried-and tested tile ready shower pans.

Redi Trench features offer endless design flexibility, as it can be used with any size Redi Base (52 - 72"), plank pitched, molded-in trench, put in any trench location, any drain location in trench or with your choice of tile-able or grate top.

Tile Redi's patented and UL-listed shower pans and other innovative tile ready products are manufactured as pre-formed, one-piece shower modules. Shower pans are complete with fully integrated drains, curbs and splash walls, each leak-proof and mold free unit is pre-pitched for easy drainage and immediately ready for tile. By solving water intrusion problems, Tile Redi shower pans inhibit the growth of mold and mildew. For more information, please visit: <http://www.tileredi.com/>.
